The Premises:

The location is in very busy Covent Garden street, but it is very discreet. Once inside it is clean and well decorated. The bedroom was very small and it had a large mirror at the bottom of the bed.

The Lady:

Selina is 1/2 Indian and 1/2 Egyptian. She is a fuller figured girl with a lovely brown skin.

The Story:

I was so tired and it was lovely walking in the hot sunshine. I fancied a good hand job and wanted to give this location a try. It is run by the same team as Kama Sutra in the City at Liverpool Street.

Selina has a very vibrant personality and when she removed her top, she revealed her ample breasts and lovely big brown nipples. The massage was brief, sensual and relaxing. When I turned round I immediately started to suck those gorgeous nipples and give those boobs a good squeeze. As I was doing that I had a marvellous view in the mirror of my throbbing cock being wanked by Selina. Being tired it took a lot of strokes before I gleefully shot over my stomach. It was a very good session and I immediately felt relaxed and ready for the weekend.
