The Premises:

well known mansions block with 8 entrances off edgware road. a lot of arabs stay here. non threatening and large building. she just moved in so place was barely furnished. bed only in middle of room. modern spacious flat.

The Lady:

stunning blonde. she looks nearer late 20's now but body is good and she is slim and sexy. breasts a touch saggy but nothing to complain about. she wore a white parlour girl outfit, then 2nd time a see through thin dress. stunning!

The Story:

what can i say! amazing. seen her before as natasha and when i saw her back, i just had to see her.

the thing that makes her so good is her self confidence and inhibition. she gets into it herself.

she undressed in front of me as i sat on bed and invited me to explore her body. we stood caressing each other for a while then she went down on me for some owo looking into my eyes. i then went down on her and she loved it. she was rubbing her clit as i licked her out and got full into it. this was no acting she would move her legs in a way for me to get better access too. we then switched to 69 where i came in her mouth.

after a nice catch up chat and massage she rode me cowgirl style putting a finger in my mouth and rubbing her tits with the other hand. we switched to doggy where she had to bury her head i the pillow to muffle the noise, in this position i came. her arse is lovely.

im now broke for the rest of the month but i dont care! for me this girl is what this game is all about.
