### The Lady:

small, busty, gorgeous face, very sexy, early 30's I would say, a total honey!

### The Story:

Spent two hours in the company of Sophie and enjoyed every minute of it. Was my first time booking an escort, was nervous to begin with but I soon chilled out.

Wont be my last visit to an escort if Sophie is what's on offer, fancied her to bits and was hard within minutes of her entering my hotel room. Great BJ and the sex was mind blowing to say the least. She is great to chat to, very bubbly with a great personality....and chest which I found difficult not to stare at lol

Highly recommended!

Thanks for a great few hours Sophie and will see you next time I am in Scotland.
