The Premises:

Cheap hotel 2 minutes from tube station, not the best, able to hear people talking to rooms next door.

The Lady:

Busty lady Mid to late 30's, not 27 as stated.

The Story:

Got there on time and had a quick shower. Then got onto the bed looking forward to some good OWO, when the last thing I wanted to see was her reach over for a condom (straight away thinking of the other girls I COULD have gone to). As you can guess the rest of the hour was pretty basic as all I was thinking was what could have been.

Disappointing time not worth 150 in my opinion.
