The Story:

I thought for some considerable time before making the booking. I wasn't really sure the sort of services offered here where my thing. I was more curious than anything else and took a gamble based on some excellent reports. Fortunately, it turned out to be an excellent choice.

Making a booking is not as straight forward as you might imagine. I guess they have the usual problem with time wasters and are also very busy. But I was persistent and eventually managed to secure a late afternoon appointment. Found the location no problem and after a short wait, we discussed what I was into and not into (or in my case what I might be into) before the session. Charlotte put me completely at ease.

What followed was pretty intense. In truth I found it hard to maintain a straight face initially (for which I was severely punished) but once you let yourself go it is a genuinely liberating and intensely erotic experience.

Charlotte is a very bright girl and very much enjoys what she does. It was an afternoon full of surprises, which I won't ruin for you by talking about here.

My advice would be to give it a try.

This is a highly rated establishment, but personally I will be going back to see Charlotte. She is a complete gem.....makes me wonder why I am telling you lot.
