## The Premises:

My first time at Valentines and I was very impressed with the set up.
On the outside is just an industrial unit but once you go inside its a different world.It feels like a four star hotel with very good furniture and decor throughout. The room had an excellent warm shower in an alcove with complimentary shower gel.

## The Lady:

All I can say is Jenny is exactly as Valentines website and she loves her work.

## The Story:

This is a very experienced lady who knows all the places to kiss and stroke a man to turn him on. We started with a sensual massage to my back with oil using her hands / mouth and nipples then she turned me over for more of the same to my front with me sucking on her by now erect nipples then onto a wonderful OWO looking straight into my eyes. She was so good she had to slow down, then a tasty reverse oral with more OWO to compltetion but not CIM.
It was a bit rushed at the end but that was down to me for being too slow to start with - must get on with it in future. A very good visit well worth the time and money.
