The Lady:

mid 20s though appears a couple of years younger, extremely pretty, fresh looks with minimal make up, long blonde hair, slim build, large breasts, mostly shaved between the legs though a small tuft of pubic hair bore testimony that she was a natural blonde.

The Story:

Cheshire Companions came up trumps again. In response to my phone call, Jane asked me the type of lady I was looking for and Louise fitted the bill perfectly. In my eyes she was beautiful in an innocent sort of way - I do not fancy the heavily silicone porn star wanabee types.

Louise arrived on time and after a short chat we embraced. She french kissed beautifully after I told her I liked lots of tongue action and then we moved on owo and 69. I couldn't resist her beautiful feet, despite her not having painted toenails, and started to caress and kiss them. Much to my surprise, she asked whether I wanted her to suck my toes to which I quickly agreed - in many years of punting the number of times a lady offered to do this can be counted on one hand and it's not a service I ask for. Time passed too quickly and soon I asked for a hand finish and she brought me to a powerful climax.

It was a wonderful experience made considerably better by the fact that I found her extremely attractive physically - much of the time was spent exploring her beautiful body. We had a pleasant chat as she dressed and then I walked her to hotel carpark and said our goodbyes.
