The Premises:

A little public for my liking with the entrance but they do have a back way so i'll know in future. Inside is all business clean and tidy although my only complaint is the bed is soft and creaky.

The Lady:

Beautiful and i do mean that..... czech republic girl who speaks very good english size 10 and an amazing figure and website says 36dd tits i won't argue. Long blonde hair, gorgeous eyes and an all over tan to top it all off. Oh and just 24 and sweet as hell.

The Story:

From the moment you enter the room she starts to look after you from undressing you and removing shoes and socks. The obligatory massage as always is a little bit of a relaxer but not very functional. Onto the main event she covered me up before oral then cowgirl whilst i lay there and marvelled at her bouncing away on my pecker, it was here i realised that i was in the middle of her repertoire and was expecting me to finish there and then. Wished i had slowed her down and had her do the oral for longer. After a couple of position changes i had to turn her over to face the large mirror and take her from behind, with that view and that mirror it was all over. If they want to rush a client she should start in this position as although she's a great looker i'm a sucker for a nice arse. To sum it all up, if you control her pace and want a fantastic girl who is very fresh to the business then you can't go far wrong.... but be quick as she's returning home in a few months.
