The Premises:

A side St in the city centre nearby pay& display parking. A double door entry system the vacuum of which has CCTV. I don't recall there being any steps and I think some of the rooms are on ground level making it suitable for those who are disabled. The receptionist buses you through where there is a desk and a small lounge area there you are introduced to the girls; the price system is based on which room and for what length of time. There were five girls working none of whom I recognised from the website I had hoped to see Steph.

I chose the penthouse as it looked good on the website, I am sure if I had wanted to I could have had a tour of the available rooms.

The Lady:

I chose Rebecca who is of Eastern European extraction quite a tall curvy red head very busty. Payment is as seems customary in the South is made to the receptionist.

The Story:

Went upstairs to the room which is huge with a double walf in shower facing you on entry next to which is the biggest bed I have ever seen, at least twice the width of a King size. I suppose it's a Sultan + all his concubines' size. There is also a sunken Jacuzzi very luxurious the inevitable piped porn playing which I turned off. A sign on the wall saying Champagne is available at extra cost no mention of Strawberries then as Julie says in pretty women there is no need for seduction you are on a sure thing.

I showered whilst Rebecca went off for five minuets to do whatever it is girls do pre session. When Rebecca returned clothes were soon off bar her black hold ups. I did say this is a busty girl dark areola that must be 4" in circumference they droop a bit no wonder they must be a couple of kilo's each defenetly the real thing none of that silicon nonsense.

Down to business very quickly covered BJ which was long and slow almost to long as missionaray was over all to quickly. Thankfully smoking is permitted bit of a rest, then lots of kissing.

Conversation is limited as still a beginner with English but she sure has mastered French. Bought two was a more leisurely affair by the end of which I was well warmed up it had been a damp cold morning.
