### The Premises:

My hotel room

### The Lady:

A nice fit trim and good looking Japanese girl, about late 20's. Nice nips as you would normally expect and lovely shaved pussy.

### The Story:

I asked the girl on the phone for a slim girl in her 20s and she recommended Ami. I asked if her english was ok because from previous experience that has been a problem with oriental girls. She said it was. I also asked if she specialised and was told to ask Ami herself. Ami phoned slightly later than the promised time and it was clear her english was not as good as I had been led to believe. Her driver came on the phone and I gave him the directions - I had been waiting so long I couldn't be bothered to ask for specialties.

When Ami arrived she was very friendly and I was happy with her appearance and looks. Again the english was strained, but she somehow managed to persuade me to book her for 2 hours (thinking with my cock yet again).

Finance out the way and a phone call to her agency to confirm the booking I decided that I didn't want to waste time with chit chat, so took down her dress and revealed her lovely long nips on her small breasts. I enjoyed sucking, licking and gently biting these great nips. Then we removed her thong and I gazed on her nicely shaved pussy. I went down on her and she tasted great, but she seemed reluctant to let me get my tongue inside her preferring instead the attention to her clit. She pulled the hood back and motioned for me to suck her clit which I duly did but soon she was pulling back from the focussed attention.

Then Ami made me take my top off and my jeans and it was then that she saw my cock straining against my shorts. She commented on its size and I thought here we go again another oriental who can't take a big cock. But this just made me more determined to make sure she did take it. She pulled down my shorts and stroked my cock and then reached for a condom. I asked if she didn't do

OWO but she said no - damn I knew I should've checked beforehand. As usual this had a deflating affect on my cock but it was still sufficiently hard enough for her to fit the condom on. Her oral was ok, not great but that was probably the condom that affected it. I got her on her kness and positioned in front of the mirror so that I could see her taking my cock in hermouth. Then I moved us to the bed and got into a 69 with her on top. Her pussy tasted nice yet again and she was beginning to warm to my tongue going inside her. Then we moved onto our sides still in 69 and I started to finger fuck her pussy and then rub my fingers really fast across her clit as seen in movies. She seemed to enjoy this as her oral was becoming very firm and attentive on my cock. We stayed like this for a few more minutes before I suggested we start fucking Ami wanted mish because of my cock but I insisted on cowgirl and she straddled me and started to try and take my cock inside.

God it was tight and thankfully my cock was hard enough to maintain the pressure on her pussy. Soon Ami was again warming to my cock and starting to ride me well as I played with those great nips. Soon I was pulling her down hard onto my cock and it was deep inside her tight hot pussy and Ami was starting to shout her pleasure.

Then I gave her legs a rest and kneeling beside the bed I pulled her to me and entered her in mish. This was where Ami really got going and came into her own. She begged me to fuck her hard and was shouting her pleasure - so loud that I became self conscious of my neighbours and people in the corridors - god knows why, as they had no idea who I was, but did make me mention it to Ami who turned down the volume.

After fucking hard for a while in that position I pulled out and Ami set about playing with her pussy and rubbing her clit, god as she did it harder I could see her thick cum coming out of her pussy and dived in to lick it up. Then I moved her to doggie and started to fuck her hard. She was taking my full length and commenting on how much she liked my cock, but I think in doggie it was just too deep so she turned over for more mish. Here she urged me to really fuck her hard and I obliged with her legs up by her shoulders and my arm around her neck pulling her close I fucked her really hard for what seemed an age and her screaming started to get louder and louder. Eventually I banged her so hard that I came with my cock up to the hilt deep in her pussy. God it felt good.

Then Ami had to go for a pee and I flopped on the bed sweating like a race horse. When she came back we chatted about where she came from and she told me about her experience with big cocks, telling me I was only her 2nd ever really big cock. The conversation was slightly stilted because of the language but Ami was very pleasant and friendly. Towards the end of our 2 hours I was getting aroused again and her hand played with my cock, but it was clear from the time that a 2nd go wasn't possible. So we got ourselves together before Ami left.

All in all, Ami was a great fuck. It started so unpromising but eventually developed into a hot fucking session. My only regret was paying for 2 hours. We could've done all that in 1 hour. But Ami was great and I still think of that really hard fucking session. If I am ever down that way again I will definitely try her again.
