The Lady:

See her web site for pics, lovely slim body, pretty, sexy, fantastic boobs, shaven, and what a lovely bum! Pics don't do her justice.

The Story:

We started off with a nice chat over a glass of champagne, good sense of humour, with some nice intermittent touching, stroking and kissing.

Moving into the bedroom, she gave me a massage front and back, which when I'd read about it, I was a bit sceptical, but it was fantastic especially as I'm quite sensitive. She gave great oral (OWO) and looked great doing it.

She has a fantastic pussy which I enjoyed giving oral a few times over the evening, and we spent the rest of the time fucking, a couple of positions, and I really enjoyed her doggy as I got to hold that perfect bum.

She finished me off with a very sensual hand job, which was a perfect end to a perfect evening. She never once clock watched and I hope to see her again whilst I'm in Cardiff.
