### The Premises:

Basement flat, near the tube station. Very clean/well looked after and no question of safety. The Retreat is also well equipped, and no complaints on that front either :-)

### The Lady:

Stunning redhead - I'm always torn between her stunning eyes and her gorgeous bum :-) Early twenties and very much as described on the website - always smiling.

### The Story:

This was the most recent of a number of visits - I stumbled across the London Retreat by accident earlier this year and with regular visits to see Charlotte I think I'm buying the place brick by brick!

Charlotte is always very upbeat/happy and takes the time to ask how your week has been before talking you through what you want your time with her to cover. She makes a point of finding out your true limits as well as desires in order to ensure a great session.

As a submissive I ask Charlotte to push my limits, which she has been successfully doing in any number of ways. She instills trust while managing to find exactly how far you can/will go - I've been introduced to new physical and mental sensations that I would probably never have asked for.

Our sessions usually end with me being forced to use my tongue on all her sensitive bits, through which I normally manage to encourage her to a couple of orgasms - then it's my turn to be emptied until next time :-)

An absolute star - someone who understands the role of a professional domme to the letter and encourages and enthralls her submissive slaves absolutely. Be nice to her guys - she deserves the best.... I've already pledged my heart and soul.
