The Lady:

Why do Directors Lodge tell fibs about Nikki's age? She is in no way early 20s. What she is, is an absolutely stunning thirty something, honey blonde, all over tan and a figure that if an 18 year old wasn't envious then they should be. I for one would much rather see someone with experience so tell it like it is on the website.

The Story:

After the rant above. You know how it is when you have an itch that needs scratching, well that was me this morning. The very place to get it scratched was Director's Lodge and it happened to be on my route. What you see is what you get, good honest straightforward oral and straight sex. I would have liked a bit of reverse O but that wasn't on offer and the O was covered but they were minor points this morning. As well as all her physical attributes Nikki was very easy to get on with and had a really nice, easy, friendly personality. If you can accept her limits then she comes very highly recommended
