The Story:

After years of deliberation, I finally decided to meet up with an escort for the first time. Jade looked pretty perfect on her website & I arranged to meet up with her in Plymouth. I was nervous, particularly when I saw with my own eyes how stunning she is in real life.

Jade was welcoming, fun, intelligent, incredibly sexy and a delight to spend some intimate time with.

From Jade's website and reviews on here (see Devon & West London) I knew Jade would be pretty gorgeous. What I wasn't expecting was that I would also enjoy her company so much.
