The Premises:

Nice basement flat in Pimlico, close to the Pimlico Tube station, though a good ways from Victoria, which is how the web-site describes her location.

The Lady:

The pictures on the web-site are clearly out of date, though she is still very attractive. The web-site shows neat cropped blonde hair, which has grown out quite a bit (more like Amy on the same web-site, so still very nice) and she's a bit older. Overall still very attractive.

The Story:

Had read some amazing accounts of Roxy on Punternet and the Maxes Angels web-site. Thought she sounded like the perfect PSE I was after. Unfortunately got horribly tied up in traffic and arrived 15 minutes late, which got us off to a bad start. Her English is not as good as some other reviewers have indicated. Put the two together and the chemistry was never going to be quite right. However, would agree with previous reviewers that she has a body built for sex and clearly enjoys it.

As it was a very hot, sweaty day I rinsed off in the shower after I arrived, which seemed to throw Roxy off for some reason. We then settled down with some music and wine. Moved swiftly onto kissing and OWO, followed by a tit-fuck so good I blew a huge week's worth of load all over her tits long before intended.

After she cleaned herself up we moved into a very sweet tasting reverse oral, which she clearly loves, as well as having those fabulous huge tits sucked while rubbing her clit. I was taking a long time to revive fully, at which point she indicated that because I arrived late the time was now up (with a good 10+ minutes to go even before the originally intended hour was up!). As we'd not had any penetration yet I was very disappointed with this.

She then asked for additional money to make up a full hour with her, which I paid (?60 worth) . Luckily I had properly revived by now and we had a good session of mish, doggy and anal doggy during which I blew another huge load up her ass.

Overall she was very friendly and has a great body and menu of services on offer (i.e. including

OWO, CIM, anal, etc), but I will visit one of Max's English beauties next time (and make sure I'm on time - damn London transportation!). It may be that my late arrival was too hard to get past, but was left with the impression of clock watching.
