### The Story:

I've seen Kelly many times but this time was something special.

I went for the House Special which started with an assisted shower during which I massaged her lower back. She said that this was turning her on and could I continue in the bedroom.

After we had dried each other I massaged her back with talc and concentrated on the area just below the small of the back. This was turning her on so much that I started to use my mouth and after a few minutes she came.

This was a first for both of us.

I gave her a few moments to recover before starting on her clit. She asked me to slow down a couple of times because she didn't want to come again too soon. After a while she did come, jerking and pushing my head away.

Now it was my turn and she used her mouth to put the condom on me and licked me to full hardness before starting a very energetic cow girl.

Between us and the bed we made quite a noise and eventually came together.

It had been a quiet day and there was nobody waiting so we continued chatting over a cigarette before I left.

A wonderful experience. Thanks Kelly.
