The Premises:

all been said before
clean and safe but the Prestwick branch is the better of the two

The Lady:

great body actually even better than great
slightly overtanned and she looks better on her photo than she did on this day
lovely lively personality who take life head on
would make a great girlfriend if you could keep up with her

The Story:

she started with a back rub with that world famous tounge bloody hell what an experience
then she rolled me over and without further ado had me stiffening in her mouth
Now I am the nervy type and wanted to tell her to take care because I was close but no she was
doing a terrific job and I thought blow it "literally"
She let mt come in her mouth uncvered all in this charge, maybe she forgot to ask for extra as we
talked for ages just like pals as she worked on getting me hard again
Morgans rule seems to be if you can recover she will keep on having you
An experience I will not ever forget but too much for me
