The Premises:

Her apartment ? very well presented, clean, tidy, tastefully decorated, in what felt a very safe area about 5 minutes stroll from the nearest Tube station.

The Lady:

Delicately petite, deliciously attractive and most decidedly sexy Eleanor is a true redhead/strawberry blonde to boot ? everything matches. The many pictures on her stylish website and chatty Blog offer but a tantalising glimpse of her features ? she really is very pretty, has a fine eye for detail and knows exactly how to entice! Intelligent and well travelled Eleanor is enormously good fun.

The Story:

This was my first encounter with a ?London Lady?, and if Eleanor is at all representative of their ilk then I will have to visit our capital city more often. But it would be very unfair to categorise Miss Aston as merely representative, she is very much her own lady.

I had tried to arrange an appointment on a couple of earlier occasions and so was delighted when we were at last both ?free? on the same day. The arrangements, culminating in a couple of text messages giving her address and accurate directions, were handled in an efficient, friendly, often flirtatious manner and were all very much part of the fun. Pitching up a few minutes early I was greeted by Eleanor wearing a welcoming smile and a ?little black dress? with a zipper at the front undone just enough to be interesting, and just short enough to become even more interesting as we sat on her capacious sofa. After chatting over a couple of soft drinks, Eleanor asked if I wanted to go through with the appointment ? well of course I did! So, formalities dispensed with, she led me to her softly lit and mood enhancing bedroom that has one wall completely mirrored.

Eleanor is quite a responsive lady who delivers her advertised services with skill, enthusiasm and a good degree of gusto. Although I didn?t notice it at the time, on reflection she was very much in control of proceedings ? not at all meant as a criticism. She deep French kisses; offers lots of eye contact; is fit, lithe and very supple; likes to tease and is equally happy to be teased gently in return; purrs away contentedly becoming quite vocal at times and is rather animated at the height of her passion bucking around like a young bronco ? several opportunities to become unsaddled if you're not careful. I don?t quite know how, but Eleanor managed to elicit more, and longer, performances

from me than I have managed during one afternoon for a good few years. She also provided a skilled and most relaxing back massage between the first couple of rounds - perhaps that was part of the secret.

We concluded matters pretty much on time and, following a quick shower, I left fully satisfied and in very contented mood. I would have had a spring in my step had I the energy left having been treated to an afternoon of the most enjoyable 'fun and frolics' (to pinch a tagline Eleanor sometimes uses). An encounter I would repeat without a moment's hesitation and one I cannot recommend highly enough.
