The Lady:

Stunning, great boobs, fantastic arse and really very attractive. Pics do a decent job of showing her, of course you can't see how pretty she is.

The Story:

Finally managed to meet Sam after 2 years (my fault, for not sorting something sooner), but man, was she worth the wait. In all the time I've been punting, I've never had a meeting like this. I won't go into huge amounts of detail, but some highlights were, Sam giving me a lapdance and throwing her knickers at me when she finished, a great sloppy hands free blowjob, standing dodgy style facing a mirror, I could see her great tits bouncing, and that tight little arse bouncing off my stomach, and possibly the most amazing shower I've ever shared with a woman (I'll keep that between me and Sam).

Sam is wonderful to spend time with, sexy, energetic and clearly enjoys what she does (no anal tho, if thats your thing). I can't wait to see her again.
