### The Premises:

Reported many times before. Reasonably clean, the room itself has mirrors which allows you to see what is going on. Area is fine.

### The Lady:

Vanessa has been here for a while and has a description and pics on the website. The description is pretty accurate. She is attractive and has a great figure. Curly blondish hair and stands about 5'5. I could not work out her nationality - at a guess I might say she was Italian ?

### The Story:

I don't often punt, but have used this place before. It is local and the girls tend to be attractive. I saw Louise last time and was disappointed to see she had moved on. I chose Vanessa based on previous reports and having checked to website.

She is undoubtedly very attractive but I did not find her particularly sexy. I am sure that is just me and it is no reflection on her. She is friendly enough - not overly chatty.

We started with the perfunctory massage which was pleasant enough. I then turned over and after a little play she suggested oral (with). The oral was good and she put some effort in. I had a little play with her pussy at the same time. She then moved into a reverse cowgirl and I had a great view of her nice tight little bum. we then started to get going and she seemed to enjoy watching the activities in the mirror (so did I). She then suggested doggy and I started to bang into her from behind. She was encouraging me with some dirty talk by now and I actually lost control and climaxed some time before I wanted.

I was disappointed in myself to say the least. I have never really lost control like that before. Some measure of Vanessa's skills and a mistake on my part in storing up nearly 2 weeks worth. I would have loved to have finished in the missionary position but it was not to be.

I would recommend but may not visit Vanessa again. That is no reflection on her though. The location is ok but they do like to turnover punters quite quickly here and I have always felt slightly

rushed.
