The Story:

Roz is not just a beautiful woman, she is a lady of elegance and style. She has the perfect body - soft and silky but without an ounce of excess fat. Roz gave me clear directions to her flat, we met at the door with a kiss, and proceeded to the sofa to get to know each other over a glass of wine. Being with Roz felt like a first date with a new girlfriend, complete with nervous anticipation, and what happened later in the bedroom was truly an act of love. Roz gave herself fully as one consenting adult to another, and we treated each other with great affection and respect. Ros is a warm and genuine person, she would look smashing to take out on a date, and she is caring and appreciative in bed. She is the best GFE ever.
