The Premises:

New parlour -only opened 2 weeks ago. Rear entry tricky to negotiate in the dark. Inside-everything brand new. Modern furnishings,no carpets,well lit,dvd in all rooms.Very nice!

The Lady:

40ish black hair,brown eyes,some tattooes. Not Kate Moss(wouldn't want her to be) but not overweight(though she said she wanted to lose a few pounds-what woman doesn't).See web page.

The Story:

Offered the choice of Sapphire or Charmaine(lovely black American lady). Chose former after a couple of minutes deliberation - Charmaine is stunning but I have usually received a better service from slightly more mature ladies and I was not to be disappointed!

Not the best massage I've ever had but plenty of attention to nether regions once I'd turned over. The ?40 all inc. gets you 2 services and I suggested that I gave Sapphire a massage. She readily agreed.

I made best possible use of hands,lips and tongue all over her sexy body and at one stage she even gently massaged my throbbing cock with her feet. Several moments of full on French kissing were also enjoyed.

Finally moved on to sex in mish during which she wrapped her legs around my waist until I eventually filled the bag. Not sure if the climax was mutual but she certainly seemed to enjoy herself.

All in all a very enjoyable experience with a very pleasant and sexy lady.
