### The Premises:

It was a flat above a shop on a fairly busy road. There is plenty of free parking in the surrounding area. I felt confident about leaving my car there. The flat has a security camera and you have to buzz at the front door for it to be opened. Once inside the flat was very neat and tidy and the room I was led into had a double bed with tv and dvd and was very comfortable. There are also washing facilities available.

### The Lady:

Paris is a very beautiful lady of mixed race. She has beautiful blue eyes and dark ringlet curls. She has a fantastic body with soft skin and is very curvacious. She has beautiful large breasts.

### The Story:

I felt very nervous at first as this was my first time visiting an escort. Paris soon made me feel very comfortable with the situation. She is a very friendly and warm lady with a fantastic personality. We started with a lap dance followed by a show with toys. Paris then proceeded with giving oral and then into a 69 position. After this we then had sex. All through the experience she gave plenty of encouragement and french kissing and really made me feel like a king!

I would definatly visit Paris again and strongly recommend her for a fantastic experience.
