The Premises:

Not applicable, appointment was an outcall

The Lady:

Black knee high boots, stockings, short skirt and a hint of cleavage ? sexy and sophisticated

Slim, long legs, mischievous smile and boobs to die for ? exactly like her pictures

Warm hearted, cute giggle, intelligent and friendly, conversation flows easily

The Story:

First impressions, it's going to be a good evening, time to get acquainted on the couch over a glass of vino

My eyes have been wandering since she arrived and my hands soon follow, passionate French kissing, sexy lingerie and finally unleash those gorgeous, big, firm tits (oh yea baby!)

Top rate BBBJ, eye contact throughout and my balls get plenty of attention too. She knows how to talk dirty, can't resist playfully slapping that pert arse

My turn to return the pleasure with fingers and tongue, she enjoys having her pussy eaten

Missionary, cow girl, doggy, pass on Anal (but it is on offer), finish off with CIM (swallow)

Rest and onto round two and it just gets better

In summary GFE, with a raunchy side, xrated and highly recommended
