### The Story:

O.K. back massage before turning me over and paying plenty of attention to my nether regions. Louise then let me give her a massage which included a brief kiss(certainly not as much as I would have liked!) but plenty of breast kissing and fondling.

Then moved on to covered oral - this girl could suck cock for England! Superb and seemed to last for ages, with plenty of eye contact. Then had sex in mish and doggie postions before she finished me off by hand. She stayed in the room and had a friendly and unhurried chat after the event while I was getting dressed.

Not the best punt that I've ever had, but certainly not the worst.
