The Premises:

Mews flat near South Kensington tube ? entrance rather shabby (probably very difficult at night) and stairs rather insalubrious, but the flat is fine and the bedroom is spacious and comfortable.

The Lady:

The pictures were true 48 hours before I arrived, but she has had her hair cut short which is a bit of a change. However, nice figure, beautifully smooth shaved pussy and the key fact is that the smiling girl in the pics is also smiling all the time you are with her. Good English, really nice person. But all of this is secondary; this woman is TOTAL 120% PSE??.

The Story:

I have never really believed other punters who say she had her tongue down your throat as you came in the door ? well now I do ? this girl is a total nympho who is clearly getting paid for doing something that gives her fantastic pleasure. We tore each others clothes off ? she never asked for money or whether I wanted a shower, she was clearly desperate for sex ? and the next 60 minutes were a vain attempt on my part to satisfy her sexual appetites ? on the basis that she collapsed twice after shuddering, screaming orgasms, only to burst into energetic life again 30 seconds later, I think we can say that I failed on that front! In the meantime, we had had sex all over the room, and she had shown off a really impressive range of porn star skills.

Interesting tongue stud which made her talented oral sex very tantalizing, this young woman is sex on legs ? but mainly get her riding you cowgirl and you know that you are in total heaven. Don?t often get EE girls who are such total sexbunnies, but this one is the real thing ? she should be top of everyone?s list - she certainly is mine for an early repeat visit.
