The Premises:

Reported on many times, clean, safe, discreet.

The Lady:

Nice looking blonde. As described on the website except it says she is English but she has an antipodean accent (if that matters). Intimate piercing. Dressed in bra and knickers, which considering this is a domination establishment, were pretty boring. Why don't the girls here wear any of the leather or PVC stuff hanging on the walls? I wasn't about to ask her to change cos the clock here is running as soon as you set eyes on the lady.

The Story:

A previous report was less than flattering about her domination skills. These have improved, but she is not yet in the same league as, say, Penny. I went for half an hour having read the earlier report and fearing the worst. While Louise clearly had little experience, and wasn't a natural born dominatrix she did a fair job and with more time the session would have been better. Finished with 69 (no attempt at full on queening). Her pussy tasted only of KY and her oral was mostly a vigorous hand job with just the tip of my cock in her mouth. Plenty of fake moaning though. While I was still coming she was asking how it was for me, though she seemed genuinely apologetic when I pointed out that this spoiled it for me. I did enjoy myself because she was friendly and tried to do what I wanted, but she needs coaching. I think she really wants to be good at domination but not, I'm afraid, because she gets off on it herself.
