Delightful and intelligent lady with beautifully proportioned figure and long dark hair to die for (my personal turn-on). Purfick! See web site for pix.

The Story:

Wow!! An hour with this lady was undoubtedly the best Christmas present in my stocking this year. I would recount the details but they're lost in a blissful blur of passionate impressions I'm afraid - suffice to say that this was the most sensuous way of spending an hour that I have encountered in a long while. Girlfriend sex of the highest order. Thanks Jodie - I'll be seeing you soon.
