The Lady:

As described on the website only better- seriously. How often can you say that!
She's absolutely gorgeous-young, slim, sexy and very obliging.

The Story:

We started with a shortish massage then she stripped off to only wearing a pair of black hold up stockings.We kissed and cuddled and there were no objections to my gently fingering her at the same time.Then on with a rubber for some deep oral while I returned the favour.

She then lay on her back as requested and drew her knees up to her chest for the main course.I had asked her to be fairly passive to begin with so that I didn't come too soon and she obliged by staying put and letting me take my time. This was really appreciated because if she had wanted to she could have finished me of in a couple of minutes.As it was I was able to go at my own pace and enjoy the sights and sounds you get from having a fit 20 year old spread in front of you while you fuck them.

After a couple of changes of position and when she sensed the end was near she showed just how energetic she could be and gave it everything she had for a big finish.

Wonderful.
