The Lady:

Amie is exactly as I expected from seeing her pictures on Judy's website. She is well-spoken and educated with an easy manner. She also has a figure of a much younger woman.

The Story:

We started off with what can only be described as an interview. We sat next to each other on her couch and I was asked about my background and interests. She was wearing a shortish skirt and a tight-fitting blouse which barely contained her breasts. I was keen to get my hands on her and here we were making small-talk. I suppose she just wanted to make sure I wasn't a nutter!

We soon adjourned to the bedroom and after a quick shower she was soon in my arms. We kissed passionately and I began to remove her clothes. Off with her blouse and skirt and I had my hands on her buttocks. She turned round and I squatted down to remove her knickers and I took the opportunity to lick her ass-hole and pussy, which she seemed to enjoy.

We then jumped onto the bed naked where we explored each other's bodies. Plenty of owo and I started to suck on those delightful nipples. Into 69 and I sucked on her pussy lips which were pierced with a stud - she responded by giving me the most delightful blowjob. She guessed that I liked a bit of anal stimulation and she lubed-up her finger and stuck it up my ass-hole, at the same time sucking on my cock. After that it was on with the rubber and we switched to mish and it wasn't long before I exploded deep inside her.

We then had a chat about all things sporty - she lives near to my home town so we were comparing schools of all things!

It wasn't long before we started round 2 and we had sex in various positions before I finished over her breasts. A wonderful lunchtime session with a very sexy woman - I'll be back!
