The Premises:

Very nice discrete private house off the main road with easy parking on the road nearby.

The Lady:

A great looking lady in her early 40's dressed to kill in a hot sexy dress, stockings, basque.

The Story:

Walked in the door, got grabbed and some passionate kissing followed, then lead me upstairs into the bedroom for more of the same. Hand went down and discovered her nice smooth pussy. After a while she went down on her knees for a great BJ. Then moving over to the bed for some more kissing before I finally went down on her pussy for some tongue action which she genuinely seemed to enjoy.

What followed then was the best blow job I have ever had in my life. I nearly came twice which is not something I normally do.

Then she effortlessly slipped on a condom and we fucked in several different positions.

Finally she jumped off me ripped the condom off and gave me another great blow job until I told her I was cumming at which point she swallowed my entire load without spilling a drop...

A kiss and cuddle for 10 mins and a chat followed before I dressed and left..

What a fantastic punt.
