The Lady:

Small 20-year-old Welsh girl looks a few years younger. Slim well-dressed pretty girl nice eyes good smile. Clear skin and fresh faced the way all teenagers should look, but increasingly only seen on 14 and 15 year olds. Well spoken, polite and friendly.

The Story:

Started with a good snog while stoking her pussy. Started telling her a dirty story as I played with her clit, wasn't too long before she exploded. Moved down onto her sweet tasting pussy for a session of exploration with my tongue. Sensing orgasm number two was on the way I stayed there for a while, quite a while in fact but was it worth it! After a short rest for her she was sucking beautifully, boy, this girl can suck. On with the bag and after a few minutes and a few positions I was ready to unload. Removing the bag into her mouth it went, fantastic huge explosion, every drop taken into her mouth.

Jemma is a sweet intelligent girl that is clearly new to the business. I just hope that stays in the business and stays fresh for the next few years. Will I be back, you bet!
