The Story:

Preamble

Another winner from Cheshire Companions. Rang up and explained my requirements to Jane and once again she got things spot on when she recommended Bonnie.

Bonnie arrived 20 minutes after the initial agreed start time but rang me up a couple of times in the interim to keep me updated on her progress. My hotel was tucked away in the Cheshire countryside well away from her normal base (?20 extra travelling costs) so I suppose it was understandable.

The Action

On arrival we sorted out the finances and then she sat next to me on the sofa in the room. In fact she sat so close that it seemed natural to initiate the action straightaway by kissing her. She kissed beautifully with plenty of tongue as we explored each others bodies her hand finding its way under my bathrobe and played with my erection. When I stood up to remove the robe, she leant forward to take me in her mouth.

After a few enjoyable moments of this, I broke away and helped her remove her clothing and we fell on the bed in a passionate embrace. More owo followed and I moved into 69 position licking her between the legs. She tasted clean and fresh. Her boundaries were limited - no anal or cim - but she was keen to please within them and did what I asked such as licking my nipples and testicles but the onus was on me to call the shots once outside the mainstream. My needs were straightforward enough though she wasn't capable of talking dirty when I asked. Her oral technique

was excellent, no hands, just bobbing her head up and down with just enough pressure to make it feel good.

With 20 minutes remaining, it was time to move onto sex and the cover went on. First it was cowgirl, then mish finishing up with doggie. I was well fired up and wanted a hand finish. Off came the cover and she brought me a very satisfactory climax.

After she cleaned me and herself, she returned to bed and we spent the last few minutes talking about ourselves. She seemed so comfortable that we almost over-ran the allotted time and after a hasty donning on of clothing, she was gone.

Conclusion

A very enjoyable session with a lovely lady. It was definitely a GFE - very tender and gentle rather than anything raunchy. Well recommended to anyone looking for something similar with a pretty young lady.
