The Lady:

Slim, petite blonde, late 20s, small but ripe tits, lovely shaped legs and a great arse. Medium length hair. Really very pretty. Nice and friendly if a bit reserved. She needs to get some photos on the website and on the walls at VH.

The Story:

In what is rapidly becoming a bad habit at Victoria House (see my previous FR on Danielle), I was supposed to be seeing Melanie but Fay (who normally works Sundays) was deputising because Mel had a migraine. This caused a few problems because although I'd booked for an hour, Fay didn't come into see me until the first 15 minutes had passed. Still she came and sat on my lap whilst we discussed what I wanted (some kissing, a strip, oral and a couple of fucks) and then we soon got down to some serious sexy fun. We began with some light kissing as I ran my hands underneath her Christmas costume and explored her smooth compact body. I'm pleased to report that she was wearing a very sexy set of undies and bright red fishnet hold-ups so the overall package was very inviting.

After a few moments, I asked Fay to do a striptease for me. She duly obliged, enticing me with views of her arse and legs before removing her dress to reveal her sexy body that was now clad only in her bra, knickers and stockings. I pulled her to me so that I could run my hands over her, playing with her pussy through her knickers. Pulling them aside, I began to explore her more deeply and was gratified to find that she was very wet and willing. She said that she'd orgasmed with her last client so I couldn't take the credit unfortunately but I certainly enjoyed the result. She told me she was enjoying what I was doing to her so all in all things were going well. Gradually she removed the remnants of my clothing before getting a hold of my cock and encouraging it to stand even more firmly to attention.

Once we were both naked, I got her to kneel between my thighs, it was on with the condom and her

lips took my length into her mouth. She gave a great blow-job which soon had me very randy so I pulled her off and invited her to adopt a shagging position. She suggested What I would describe as reverse cow-girl (i.e. facing away from me) which I realised I'd never done before and soon she was firmly impaled on my cock, bouncing up and down to a very sexy rhythm with me looking at her in the mirror. Knowing that I was going to come soon, I lifted her off and then laid her down on the sofa so that I could penetrate her again, this time in missionary. I was now desperate so she only got a few hard thrusts before my cock swelled and I shot my load inside her.

Regrettably, round two wasn't so successful as although I had a great time licking out her pussy, followed by her giving me a slow and pleasurable wank, I just didn't have the energy to follow through to another completion so her little breasts were left unannointed by my spunk. It has to be said that I don't think the timing problems helped ? I was trying to do in 45 minutes what I would normally do in an hour. Fay offered to do various other things such as watersports but that's not my scene so eventually I decided to quit while I was till enjoying myself.

But overall a good time, if slightly expensive for what I managed to do. Half an hour would in this instance have been ample. But Fay was great and I told her straight off that I hope to fuck her again some time and I don't think you can ask for more of a recommendation than that.
