The Story:

Awful girl, awful agency. After one botched appointment the agency recommend this girl who they claimed provided a full gfe service including fk. I can tell you now that she does none of this and prefers to lay prone on the bed with virtually no physical interaction whatsoever.

Why do these agencies persist in lying to their customers? Is it any wonder that this particular agency doesn't display their customers feedback? Think about it...Avoid these people, mainly due to the unhelpful, uncaring and extremely passe attitude of the female that answers their phones in the evenings and offers no apology or attempt to rectify the poor quakity of their sorry excuse for an escort agency and the sheer greed and lax performance of these so-called escorts.

I am an experienced punter but this is the first time I have been so moved to submit a report and I regret that it is a fairly negative one, but I feel I owe it to my fellow punters out there to warn them of the scammers that are here purely to bleed you of your hard earned cash.

My advice....avoid this particular agency like the plague.
