The Story:

my first time here,nice welcome and shown to waiting area,was made a nice cup of coffee.introduced to nancy,she was the only girl available.had no hesitation in having her. once in room nancy asked me to undress which was a little disappointing,i like the lady to take the lead.once naked on bed we started of with a back and leg massage which only thai girls seem to know how to do best,could see her fit body sitting on me in the large mirror on wall.onto my front to get a superb view of h=this gorgeous made in heaven body.nancy kisses the body all over leaving red lipstick everywhere. wow on with the rubber for a deep throat blow job,had to stop her before i shot my load.once i had calmed down a little nancy rode cow girl.wow what a site.finished off in doggy did not take long befor the jacket had been filled[i'm sure those mirrors helped to speed it all up.the only down side to the visit wasthat i was not offered a shower.
