The Story:

This was my second date with Suzie. The first was an unforgettable, intensely erotic experience. This time was even better. From the moment she greeted me - wearing the briefest of pin striped uniforms, black lingerie, stockings and black leather, metal-heeled shoes - she took my breath away. What followed was two hours of utter ecstasy - from the kitchen, via the bathroom and the lounge to the bed.

Suzie describes herself as inclined to the submissive, which is entirely true but that simple phrase doesn't fully convey the enthralling nature of time with her. She made her boundaries very clear when we first spoke. Within those entirely reasonable limits we enjoyed everything I expected, played some inspiring games and did some things I had never even considered. Suzie loves to serve and responds delightfully to suggestions, requests and demands. But she also likes to be rewarded for what she does well - and believe me there is so much to reward.

Before I left we arranged our next date - which I am sure will be but one in a series.
