The Story:

I met Kelli in her room and she was dressed in a very skimpy see through outfit showing off her fantastic tits. I had a shower then settled up with her... and then the fun began. We stripped each other naked and I caressed her lovely body holding her lovely tits in my hands and sucking them gently. She massaged my cock and sucked him until he became very hard.

I was itching to fuck her and Kelli obliged. She knelt on the bed while I eased myself into her doggy style after the condom had been slipped on. Boy was she lovely as my cock felt the inside of her cunt. I thrust and thrust inside her for what seemed ages (this is making me cum as I write this). She then sat on my cock reverse cowgirl style and I was in heaven again - boy can this girl fuck. She is the best. She then turned around and fucked me on top and I sucked her tits at the same time. Later I fucked her arse doggy style and came.

We had 4 hours fucking in different positions but in that time I also took her for a meal and she was great company. Kelli is absolutely fantastic but guys treat her with care. She is a gem to be looked after. Thanks
