The Premises:

Modern, smart flat in the centre of Milton Keynes. Near Staples.

The Lady:

Brunette, mid to late 20's, very attractive about 5'8. Size 34c. The photos give an impression of a 22yr old but I think she is a bit older.

The Story:

I'd wanted to see Carla for a while after reading other reviews and turned up on spec on the previous Monday. Unfortunately she was booked so I saw Petra again and had a great time. Booked in advance for the Wed this time to make sure she was available and Carla showed me to one of the rooms and offered me a drink. She came back in and moved to the other side of the bed and got undressed. She started stroking her body in front of the mirror while I got undressed and joined her. She then rubbed her body up and down my groin. I suggested we moved to the bed and she put on a condom and proceeded to give a BJ.

I was curious why she charges extra for OWO-none of the other girls do. I thought it might be for health reasons to put people off but she said it is just for the extra cash. The extra ?10 doesn't include CIM either.

Unfortunately the BJ did not have the desired affect so I suggested I just give myself a climax. She said I could cum on her tits.

I then offered to give her oral as this turns me on but but she said only if I keep away from her vaginal opening as she didn't want to get a bladder infection.

By now I was starting to get turned off and disappointed but I concentrated on her clit until she seemed to orgasm.

I wasn't really in the mood for sex now so just lay there and she offered to give a massage which I accepted but she didn't seem that enthusiastic (I wasn't expecting fully qualified Swedish) but this

was more just stroking. I then offered more oral on her but this time she refused. This is only the second time I have been refused (the last girl said it was time of the month) but Carla didn't give any reason.

I then stroked her which she liked and made small talk. I then kissed her and moved down and asked again about reverse oral but she said I wouldn't be able to make her cum in 5 minutes. This seemed a bit selfish as I might enjoy reverse oral and some women enjoy it whether or not they climax but because she wouldn't orgasm she didn't want it.

She then told me her next client had arrived and walked out of the room. Most of the girls wait until you are dressed and show you out. Some tidy up and come back but Carla disappeared for a while so I got dressed and showed myself out. In the hallway, I met Petra who asked how it went, my face said it all. Petra said I should at least say goodbye so I waited until Carla came out of one of the rooms, said goodbye and left.

Carla said she has a client who sees her for 2 hours and strokes her body. This is what she seems to enjoy most.

Her description of her personality on the website mentions the words, fiery, sultry and snobbery.

I had the full 30 minutes but Carla seemed a bit cold. It could have been wrong time of the month or the end of a long shift or some other reason.

There were good moments like rubbing her body against mine in front of the mirror and offering to let me cum on her tits but it wasn't a GFE as she seemed submissive when kissing rather than proactive like Petra or Felicity and wasn't as enthusiastic as Sophie about reverse oral. The description says she is open minded but she is obviously not that keen on oral.

She also disappeared halfway through the appt briefly which I find off-putting as it is nice if all the time is devoted to you and there are hand wipes, towels, and an on-suite bathroom so I am not sure why she left.

I don't know what sex with her would be like and she seems to have quite a few good reports and maybe it was an off day so recommended if you like body worship and massage because she is very attractive and has a great body but it was not an experience I would like to repeat.
