The Premises:

A nice clean place in an apartment complex close to Paddington. Shared with another girl.

The Lady:

Beautiful face, beautiful body. Thin, tall, model looks with a nice ass but small breasts. Better than the pictures. Quite stunning actually.

The Story:

This one left me with a mixed feeling.

She talks a lot and yet doesn't speak very good English. Not a clock watcher so I reckon it wasn't a time consuming tactic.

Doesn't french kiss. No touching pussy, no licking pussy (*cue russian accent*) "pussy very sensitive". No putting fingers in her holes.

On the other hand, really good OWO.

Straight sex in mish and doggy (the later at her request). Came after a few minutes doggy style.

Anal was 50 extra (base price is 150). I paid for it and we did it. It turns out it's painful for her, so for me it wasn't really good either (what I really like is to fuck a beautiful woman in the ass and she's enjoying it as much or more than me).

Now, what really left me with a mixed feeling is that Kaiva came out as a very, very charming woman, very smart, that knows men and knows how to "enchant" them - think seductress or "femme fatale". A bit like a "courtesan" but without the feeling of being safe (and I don't mean safe in the physical sense).

I came out feeling like a moth that almost got too close to the flame.

Had I met her in different circumstances, I would probably take the plunge - and likely be consumed

in the process.
