The Story:

Isobella normally works in the week at City Girls, although on this occasion she was doing a weekend shift at House of Divine. On arrival I was moved across the hall to meet Isobella in the HOD flat. Isobella has a grace and beauty that quite frankly took my breath away. With classic dark Italian colouring, a lovely smile and dressed to thrill in lacy chocolate coloured undies, If she were available I'd remortgage the house and take her as a mistress. She welcomed me with soft kisses and an easy manner as we chatted and fondled each other for a while, before moving to the bed. What followed was more akin to a lovemaking session than a balls out sexual encounter, and as such I choose to keep that memory to myself. I think it fair to say that Isobella although comfortable with full service chooses to refrain from the more extreme activities some of the girls may offer. To this end I was so taken with her beauty and manner that as I was leaving I forgot that this was a paid encounter, and needed a gentle reminder from her that I was still holding the money. Worth very penny just to hold her.
