The Premises:

Strange type of house and very messy. The bathroom and shower in her room need a serious clean.

The Lady:

Gena has an excellent if rather too thin body. Not sure of her age but there does appear to be a contradiction going on somewhere.

The Story:

I have seen Gena before and after this visit I remembered why it had been so long. She is very friendly but very controlling. Started with a uncovered BJ in front of here wardrobe mirrors, which she apparently loves. This didn't last long then onto the bed for more sucking. she asked if id like to see her cunt - silly question. Then pleased her with a nice vibrator. She made out that she was enjoying it but I felt that it was very fake. Went onto sex her on top. She had a nice technique but not for long. went onto doggy which she tried to make out she was enjoying - not convincing. After comming went onto a back massage. She did seem to be very interested in this and just wanted to use up the time.

Not sure if it was just me, but she didn't seem very interested in what she was doing and certainly did not seem to enjoy it. I realize it is a job but then I am a customer.

Lesson learnt!
