The Premises:

Nice location, very simple room in a block of apartments. She shares this place and there was someone in the next room.

The Lady:

Surely the most physically perfect girl I have ever seen. Very firm enhanced breasts, pretty face, thin waist. Petite and perfectly proportioned.

The Story:

Firstly I must say I booked an hour and a half and she told me she was tired and could I make do with an hour. I reluctantly agreed before taking a shower. I came back and she was in and out of the room, in actual fact I think she spent more of the hour out of the room than in it. I felt rushed, she did not seem happy to kiss and she wouldn't let me go down on her, she insisted I wear a condom for oral (On another site it says she does owo and I am no fan of condoms for this) I was not feeling very aroused. then she wanted to give me a massage and me give her one. My time was almost up by now, she then told me that I should fuck her but by this point I was annoyed and not in the mood.

I thought hard about writing this up because she did seem a very nice girl and certainly the prettiest I have seen (the photos do her no justice) but ultimately I feel like I spent 200 pounds on a conversation because she was not up for it at all. she did say she was overworked and tired I hope it was just an off day because this girl is physical perfection. If you only want a fuck with a good looking girl see her but if you want a GFE try someone else.
