The Premises:

Modern decorated, clean apartment with little furniture. Safe in the backstreets near Baker St.

The Lady:

Not as young as in the pictures and a little more curvy but definitely the safe beauty and I wasn't disappointed at all.

The Story:

The fact she was a little older than her pictures seemed to give her a sexier air. Not many words of English but very welcoming and affectionate. I went to shower and returned to find her naked on the bed looking great!

Kissing was open and unreserved. Nice little surprise was that she has a tongue stud though it never really intruded.

She certainly enjoyed DATY several times and received fingers once her passions were stirred. The best part was when she started to urge me on in English and Spanish! The latter finished me off and she happily clung to me.

If you like super-waifs then go elsewhere but if you fancy a platinum blonde, Spanish experience you could do a lot worse for more money!

It's always nice when they ask if you'll see them again and it doesn't sound like they're just desperate for money. And when they finally close the door behind you and say "Wow" in Spanish to their flatmates you feel like a god!
