The Premises:

Really good. A lot of money has obviously been spent and to good effect. I thought the M's'r parlours had it licked but this is up there too. VIP room was excellent: jacuzzi and shower both clean and working well; towels were in a class of one; in fact all in all hard to beat.

The Lady:

Well, about 35/40; a bit on the big side, but I've met ladies like this before and what they lack in looks they more than make up for in the action. So I was hoping for good things....

The Story:

... and oh what a disappointment. Helena can do it and no mistake, but she has the gloom of her Scandinavian roots. For the first 5 minutes she barely spoke, and when we did things it was in total silence. I made small talk just to break the silence. I made her cum but not a word was spoken about how good it was. She acts as though she has the weight of the world on her shoulders.

Flairs have created a great salon; now they need to find some great ladies to work there, with real client skills. Now that's what M's'r girls are good at!!
