### The Premises:

As reported; state of the art punting zone.

### The Lady:

Really very, very pretty indeed. Slim, above average height (about 5'8"), toned, and chiselled cheekbones. Blonde (dyed?), small-ish but lovely boobs, and everything in proportion. She's a looker; there's no getting away from it.

### The Story:

To put it bluntly, Tia is just very, very good at what she does. What I mean by that is that there's no pretence here; she is simply a very accomplished professional girl. After a couple of minutes of small talk (which is neither Tia's forte nor, it comes politely across, why you're there in the first place) Tia gets down to business and for the next 20 minutes, a state-of-the-art punt follows. She French kisses, her oral skills are good (without being mind-numbing) and personal is delivered with panache.

If you're after a conversational, girl-next-door, more engaging punt then possibly Tia is not for you. If you want very good sex with a very pretty girl indeed, then look no further. In terms of doing what it probably says on the Working Girl's tin, Tia is about as good as it gets. Thus, very highly recommended.
