The Premises:

Julie works from a nice house with plenty of parking. The house is easy to find and Julie has a very nice way of guiding you to her house.

The Lady:

Julie is a very attractive 40 year old woman about 5' 8", slim blond with blue eyes.

The Story:

Julie opened the door in a nice little black number and gave me a nice kiss, I was then offered a drink which I accepted, and then it was upstairs for a quick shower. I then joined Julie in the bedroom, where Julie took me in her arms and gave me a big kiss and a nice cuddle, she slowly sank down to her knees whilst removing my boxers and started giving some very nice head, then it was on to the bed and two hours of the best sex I have ever had. I love slow sex with very intense moments and that is just what I got. I can only remember sex like this with two other people, once when I was about 17 and regularly with my second wife. I am sure if you only wanted a quickie Julie would be just as good. I do not think I will need to the likes of Punternet any more I have found the perfect woman.
