The Story:

Lovely girl. I had been to Honeyz a few weeks back and saw Sunita a pretty Indian girl. That service was ok but I made a mental note that I had to come back to see Caroline when I saw this beautiful long legged babe preening herself in the mirror as I walked up to the bedroom.

I came back and her service certainly did not dissappoint. This girl easily outshines most of the girls in major agencies. Her attitude is faultless - its really like having sex with the sexy girl next door that you always fancied.

Started off with a sensous oil massage with her open sat astride me -to be honest I did'nt expect much but her touch soon had me quivering in a heap. She softly caressed me ooo so gently. Those fingertips soon she was slowly tracing delicate patterns across my bum and massaging my balls....this has to be experienced to be believed..felt like she was flicking her tongue on me in the sexiest way imaginable. I could easily have come like this. After this 69 and on with an excellent covered oral. The sex was in miss and was slow and sensual..did'nt feel like a paid experience at all. Felt like I was with a sensuous girlfriend who was just happy that she was here to please me. After this we lay and cuddled kissed and touched each other for what seemed like ages. If I were ever to spend the night with an escort it would be her. I walked out feeling great, grinning like an idiot. Definitely not a porn star experience or for one who just wants a quick hard fuck. She gives much more than that and is perfect for a longer experience. Definitely going back.
