The Premises:

Head Office is a very smart place, that I feel now exceeds the facilities of Caesars and Abby's. The receptionist informed me that they're planning a refurb to accomodate a new jacuzzi room.

The Lady:

You MUST book early if you intend to see Honey. She is the parlour's most popular lady. My booking was for 1, had a half hour wait as one client had turned in late, and everyone after was also made late. Whilst waiting, several customers phones asking if she was available, and a guy came in on the off chance to be disappointed.

Honey is tall, around 5'8" with dark skin. I think she may be of mixed race, say a quarter asian or black. She's very attractive with long dark hair pert natural breasts and a really nice ass and legs. Dressed in a tiny black thing, black stockings and a basque.

Whilst waiting I spoke briefly to Lucy, a Polish girl with milky white skin, black hair, slim and with an ass to die for. Anoter time perhaps...

The Story:

I had read the reports on Honey, and I think mgy experience was ok, but I felt a little disappointed as I suppose I was expecting a real GFE from a near-perfect lady. Don't get me wrong, Honey surely is very good looking, but, and I may be totally off the mark here, I think maybe the work is starting to wear her down a little.

If she's constantly booked up, sure she's making a hell load of money. However, my experience wasn't what I'd expected. Please don't read this as a rebuttal, it's just that I felt Honey was tired. She told me she was doing this only for a few months to get some bills paid and raise some cash. I'm understanding enough to realise that this was not her preffered career, but I was told no kissing, no anal and no CIM. I suppose I expected, as I said, a girlfriend experience.

After some bried reverse O and owo, the condom went on all too quickly, and I've read a report from another client who said as he's 'fat', the condom felt tight. I had the same experience, and it was a little uncomfortable. Honey wasn't very wet, and penetration wasn't easy. However, her skill at

rubbing her bald pussy over your knob whilst looking at you got me hard.

She then lay on her back whilst I fucked her to climax.

Honey was very polite, and showed me out after I paid the standard ?50 with ?10 extra for reverse O and another for the owo.

If you're later on in years and haven't seen a beautiful girl for decades, or a youngster walking around with a constant hard-on, then the mere sight of Honey will get you going. However, I need more interaction and to feel the girl wants to be there and is enjoying herself. I didn't get that with Honey. I need kissing to really get me going, I love the GFE.

Great place, Honey just not for me.
