The Premises:

Very posh apartments near the Edgware Road. Was let in by the night porter which caused some confusion. Place was very stylish, clean. Much better than your typical WG flat.

The Lady:

Georgeous. Mid-height and slim build, shorter bobbed blonde hair, small but perky breasts, good legs, nice bum. Pictures have her with curly hair, but this is now straight.

The Story:

This was a bit of a shot in the dark - no FRs and only one review which was on the site which gave 10/10 for both looks and performance. So I was a bit wary. And I left agreeing with the scores completely. Physically, she is perfect and her attitude and service are great. This is the first time a girl has used her hands rather than her mouth and I've been too ecstatic to notice - really good technique. Lots of baby oil for massage (and more) and nice and juicy herself. Oh, and an excellent massage for those of us who like that. And to top it off, she is bright and funny as well - her English isn't amazing, but it's enough to hold a conversation and she is no dumb blonde.

Guys, at this price this girl is an absolute steal. If there were many more like this then I would become a very poor man very quickly!
